

June 27th, 2014

Over the past seven years Chysik Project Management has worked with Paul and Peter Glinnum of Leed Mechanical Ltd. on many of our residential and commercial developments. Their limitless knowledge of plumbing products and systems has enabled CPM to offer the best, most efficient and economical designed plumbing and heating systems for our clients. We have always been able to rely on their workmanship, service and professionalism.

We strongly recommend Leed Mechanical Group Ltd. for all plumbing requirements.
